CONTROL ZONE

Hey, Boomers!

If you like your comics well done, you're in for a treat! Spoon-fed to you this issue includes a double-helping of new stories: Ultimate Nightmare starring Sonic, and Tails' Small Change.

There's also a taste of dolphin friendliness with a PC review which includes Ecco the Dolphin. Plus, if you feel like a second helping of NiGHTS, Sega's hot Saturn release - just check out the Elliot Pin-up. Mixed together with *more* Sonic Q Zone's, it's more than a mortal can take (so I'm told!).

Better go, Boomers - as I compose this menu to you, those excruciating humes are attempting to hide my micro chips! I'll resist the temptation to hide their deep fried lard bars in retaliation! What I have to put up with...

Megadroid

HAPPENING TO A HALLOWEEN ISSUE NEAR YOU!

Be afraid! Be very afraid - they're back next issue for another megamental run! What am I talking about - **Decap Attack**, of course! So, get ready to be reacqainted with Frank, Igor, Chuck and Head - the stars of one of *STC*'s most popular strips. **You have been warned!**

EASY PC!

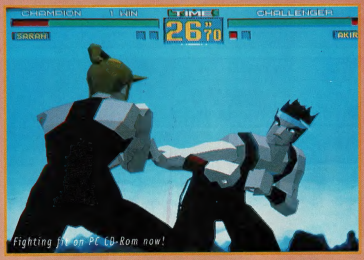
SEGA POWERS ONTO HOME COMPUTERS!

Those Boomers who have sent *STC* e-mail and computer generated pics (see this issues' Pixel Zone), will know how useful a PC (personal computer) is. You may have even surfed the Internet for hot Segasational news. However, how many of you know that Sega have released a whole host of classic console games on PC CD-Rom? From *Ecco the Dolphin*, *Comix Zone* and *Tomcat Alley* to *Virtua Fighter*, they've all had the PC treatment.

Virtual Fighter!

The difference with these games being on PC is that you can experience the same type of game action you get from coin-operated arcades, in the comfort of your own home!

Yes, the dinosaur age of the PC has since changed from when games used to look dull and boring. Incredibly, it's all due to a tiny piece of gadgetry called the Pentium Chip, which boosts the power of personal computers no end. This PC technology is able to offer richer 3-D graphics, smoother animation and faster gameplay. Sega have particularly paid attention to additional features in their PC CD-Rom releases, including live help screens and easy loading onto most standard PC equipment in the home.



Fighting fit on PC CD-Rom now!

Special 'character menus', which offer information about the main characters and Badniks in the game, will also appear in games like the PC version of *Sonic CD*.

Following the July launches of *Baku Baku* and *Virtua Fighter*, Sega are also due to release *Panzer Dragoon* in October, *Daytona USA* in November, and *Sonic 3*, *Sonic & Knuckles*, and *Sega Rally* in the forthcoming months. There will also be a brand spanking new line-up of games solely for personal computers. What's more, according to Sega sources, they aim to keep all games under the £40 mark. The price of these games should be welcome news for your piggy bank!

The Game Gears' version of Baku Baku - now available for PC'ers!

NOTE: Check the PC system requirements enclosed with each game prior to purchase, to ensure it will run on your home PC.

Eek! Hold onto your flippers, the classic Sega console game **Ecco the Dolphin** is far from being washed-out!

The tale goes that due to a raging storm, Ecco has become separated from his family. In order to find his shoal of marine mammals and put his oceanic world to rights, he has to fight jellyfish, solve puzzles, and collect energy reserves along the way. If you thought dolphins were timid, wait until you see how Ecco head-butt's his enemies into submission! You'll be so busy with the tasks involved, that you'll hardly have time to come up for air!

Animation wise, this PC version really takes Ecco to new depths, enabling him to realistically move through and leap out of the water! Ecco moves so fast that a rename of Sonic the Dolphin seems more appropriate! The atmospheric 'water music' soundtrack gives the game a tense and spooky feel, keeping the controller transfixed to the screen.

Ecco the Dolphin undoubtedly has enough thrills, chills, and spills to keep you fighting to the fin-ish!

As Sketch works through the pages, it's a handy tip to keep all eyes peeled for things to pick up as these prove useful at a later stage. A special score screen which appears between levels adding up points and bonuses, helps to keep track of your progress.

Considering that there's not a great deal of beat 'em-up games available for the PC, **Comix Zone** is a game which will impress gamers with it's originality alone.

PC REQUIREMENTS

Min Memory: 8 MB
Windows: 3.1 or later versions
Min CPU: Pentium 60 Mhz
Usable Hard Disk Space: 5 MB

Originally a Mega Drive game, **Comix Zone** is now a beat 'em-up in a class of its own. It even gives the player an insight of behind the scenes activity at *STC* (now how did they do that!).

Comic by style and by nature, as controller, you play an artist called Sketch, who's trapped inside the pages of a comic book. Sketch, and his pet rat side-kick, Roadkill, must get to the end of the book in order to return to the 'real' world. With fists at the ready, plus all the martial arts skills Sketch can muster, the idea is to come out fighting!

Comix Zone features plenty of fighting fun, (it isn't as brutal as say, *Virtua Fighter*). The clever graphic arrangements make it look like the pages of a comic book, complete with the likes of speech balloons, plus it's jam-packed with farce.

SONIC THE HEDGEHOG 2 Continued

GG GAME GEAR | MS MASTER SYSTEM

CHAOS EMERALDS

There are six Chaos Emeralds to be found altogether; the first five are located in the second Act of each stage.

EMERALD 1: You'll come across this one at the far top right-hand corner of the level.

EMERALD 2: This is one of the hardest to locate as it's concealed high in the clouds. It's a matter of trial and error as to which clouds can be jumped on and which can't. The emerald is located at the right-hand side of the level again.

EMERALD 3: When you have entered the maze, turn left. Continue left throughout the maze, and you'll eventually enter a room containing the Chaos Emerald.

EMERALD 4: Go right until you reach two consecutive springs. Jump on each one to gain enough height to land on the tower (located right of the springs) and pick up the emerald.

Emerald 5: Go over the conveyor belts and up the slope. Just before you reach the top, jump left into the wall. You should now be in a secret room. Turn left, up and right to reach the jewel. You will also discover a couple of extra lives along the way.

EMERALD 6: Defeat the evil Silver Sonic to collect the final emerald, then it's on to the ultimate confrontation with Doctor Robotnik.

THE ZONES - PART 1

Things to look out for in all zones:-

- **TV's.** Containing Super Rings (10 Gold Rings), Invincibilities, Speed Shoes, Water Shields, Lighting Shields, Flame Shields, 1-Ups, and Robotniks (which drain power from Sonic and Tails).
- **Star Posts.** These lead to the Bonus Stage where you'll find a Gumball Machine with extra 1-Ups, Power-ups, Gold Rings and other goodies!
- **Giant Gold Rings.** These lead to the Special Stage where you need to grab Blue Balls and Chaos Emeralds.
- **Ramps**
- **Loops**
- **Red and Yellow Pogo Springs**

ANGEL ISLAND

ACT 1
Set in the lush jungle foliage, this is a speedy 'warm up act' to get you ready for the coming events!

Watch out for: Collapsing Ledges, Vine Swings and Floating Platforms.

Badnik's to guard against: Bloominator, Caterkiller Jnr., Monkey Dude and Rhinobot.

ACT 2
Time to get down to some serious work as Act 2 requires your utmost attention!

Keep your eyes open for the Waterfall, Rope Ride, Switches, Tunnels and Hidden Chambers in walls that

contain the Giant Gold Ring which gives access to the Special Stage. If you spot a Star Post, 50 gold rings will activate it in order to get you to the Bonus Round. Guard against Badniks like Caterkiller Jnr. and Rhinobot.

HYDROCITY

ACT 1
Take a deep breath - this stage will leave you gasping!

Watch out for: Overhead Conveyor Belts, Switches, Safety Poles, Water Propellers, Air Fans, Speed Hand Catapults.

Badniks to guard against: Pointdexter, Mega Choppers, Blastoids,Turbo Spikers.

Underwater in Hydrocity, the nasties come thick and fast. By far the worst are the Pirahna - you need a fast flick left and right on the D-Pad to shake them off, otherwise they'll prevent Sonic from jumping. Remember to stop for air regularly, so keep an eagle eye open for bubble streams and take your time when you're in a tight corner. If you find the Water Shield, take it. It is invaluable because you don't need to stop for air and it repels bullets from the cannons. Check walls for hidden chambers and Giant Rings.

RITCHIE RICH!

Dear *STC*,

I am getting a Sega Saturn for my birthday and after a lot of thought, I have decided to buy *Virtua Cop* as my first game. However, my friend said that *Virtua Cop 2* is better. Is this true?

Richard Edwards, Wedmore, Somerset. MD owner.
Sega Mega Hog Tag Winner.

Most sequels are similar in gameplay to the original, Richard. However, there are additional extras such as extra levels/bonuses, special features and new characters.

ONCE IN A WHIRL!

Dear Megadroid,

I thought you might like to hear my idea for a Halloween story: Sonic has a new batty friend called Slash (originally a bat, who has turned into a bathog!). Slash is worth showing in *STC* because he causes whirlwinds by spinning with his wings open, plus he shoots boomerang fireballs, which is more than you can do!

Jonathan Franklin, Romford, Essex.
Sega Mega Hog Tag Winner.

Ah, but I have hidden talents, Jonathan!

BARTON THINKS...

Dear Megadroid,

I thought you might like to know that me and my friends sometimes design computer games, and then draw pictures of them. Among the games we've designed include Super Sonic 2000, Sonic Returns, Ninja Tails, Super Attack Bomber and Termites. Finally, will any of the Sega games (especially the *Sonic* ones) ever be available on the PC?

Matthew Barton, Great Yarmouth, Norfolk.
Sega Mega Hog Tag Winner.

Keep at it, Matthew and friends! To answer your query, I hope you appreciate the great lengths that STC have gone to with this issues' PC Zone...

Mark Penman, East Ardsley, Wakefield.
Sonic & Knuckles Hog Tag Winner.
